Subject: April Board of Regents meeting at UWGB

GARY L. MILLER
Chancellor

Most of you know the Board of Regents will hold their monthly meeting at UWGB on April 7 and 8. We are very excited to host the Board during our 50th year. The meetings are open to the public and I hope many of you will have a chance to stop by for some part of the meeting.

During the meeting, the Provost, Vice Chancellor for Business and Finance and I will have an opportunity to make presentations. President Cross's student spotlight will focus on one of our students. Many of our students have volunteered to assist with the logistics and to join in interactions with the board. One student will join a panel to discuss the multicultural climate in the system.

An important theme in our presentations to the Board will be the unique challenge UWGB faces in one of the largest cities and economies in the state. We will focus on our strategic response to this challenge and highlight the assets we bring to the challenges – faculty, staff, and community support.

The VC for Business and Finance will present to Capital Planning and Budget Committee on Thursday morning (8:45 am, Phoenix Room C). On Thursday morning at 8:45 (Phoenix AB), I will be joined by members of the UWGB Council of Trustees, Dr. Jeff Rafn of NWTC and Dr. Michelle Langenfeld of the Green Bay Area Schools in a presentation to the Research, Economic Development and Innovation Committee about partnership efforts related to talent development. The Provost will present to the Education Committee on Thursday morning (10:15, Phoenix Room AB).

As the campus host, I will have an opportunity make a special presentation to the full board at their Thursday afternoon session (12:30 pm, Phoenix Rooms). My presentation will be posted on the Chancellor's web page shortly after the meeting.

A vast number of university staff have worked for months to plan this event. I want to thank the following colleagues for organizing this important meeting:
